
Add a Scored True or False Question to a Project

Created On: September 29, 2022

Add a Scored True or False Question to a Project

On the panel beside the Stage, select the **Insert a new question** button.

The screenshot displays the Articulate Storyline software interface. The top ribbon includes tabs for 'New', 'Open', 'Edit', 'Library', 'Insights', 'Publish', and 'Preview'. The 'Insert' tab is active, showing options for 'Engage' and 'Comments (0)'. The left-hand panel, titled 'Project', contains a 'Learning Object' dropdown and a list of slides. The 'New' button, represented by a green square with a white question mark, is highlighted with a red box. The main stage area shows a presentation slide titled 'Botnets, DDoS Attacks, Hacking, Wi-Fi Eavesdropping' with a dark background and white text. The slide content includes sections for 'Botnets', 'Wi-Fi Eavesdropping', 'DDoS Attacks', and 'Hacking'. The bottom of the interface features a 'Page Notes' section with 'Page Transcript', 'Element States', 'Timeline', and 'Accessibility' tabs. The bottom right corner shows a 'Saved (1 min read)' status, a 'Commit' button, and a 'Save a Copy' button.

Add a Scored True or False Question to a Project

Select the **Custom** category to view its options.

The screenshot shows the 'Add a Question' dialog box in a software application. The dialog is divided into several sections. On the left, there is a sidebar with the following options: 'Find a Question', 'From a Project', 'From a Baseline', 'Rapid', and 'Custom' (which is highlighted with a red border). The main area of the dialog is divided into two columns. The left column contains the following options: 'True False' (with radio buttons for 'True' and 'False'), 'Fill in the Blanks' (with three input fields labeled 'Choice 1', 'Choice 2', and 'Choice 3'), and 'Multiple Choice (Text or Images)' (with two input fields labeled 'Item 1' and 'Item 2'). The right column contains the following options: 'Multiple Choice' (with four input fields labeled 'a', 'b', 'c', and 'd'), 'Multiple Pulldowns' (with two dropdown menus labeled 'Category 1' and 'Category 2'), and 'Matching' (with a matching interface). The 'Custom' category is selected, and the 'True False' option is visible in the left column. The background of the application shows a security-themed interface with a title bar 'Protecting IT Security' and a ribbon with 'Insert' and 'Engage' tabs. The main content area displays a security-themed graphic with the text 'There are other security threats that are important to know about.' and a grid of icons for 'Botnets', 'DDoS Attacks', 'Wi-Fi Eavesdropping', and 'Hacking'.

Add a Scored True or False Question to a Project

Select **Starters** to see the Question Pages that match the design template for your Project.

The screenshot displays the Blackboard 'Add a Question' interface. The top navigation bar includes 'New', 'Open', 'Edit', 'Library', 'Insights', 'Publish', and 'Preview'. The main title is 'Protecting IT Security'. The 'Engage' tab is active, showing 'Comments (0)', 'Authors', 'Review', and 'Share' options. The 'Add a Question' panel on the left has a sidebar with 'Find a Question', 'From a Project', and 'From a Baseline'. The main area shows various question types: 'True False', 'Multiple Choice', 'Rapid', 'Custom', 'Starters' (highlighted with a red box), 'True or False', 'Fill in the Blanks', 'Multiple Choice (Text or Images)', 'Pulldowns', 'Essay', and 'Drag and Drop'. The 'Starters' section displays a preview of a question page with a dark background and a grid of security threats: Botnets, DDoS Attacks, Wi-Fi Eavesdropping, and Hacking. The bottom of the interface shows 'Element States', 'Timeline', and 'Accessibility' tabs, along with a 'Saved (1 min read)' status and 'Commit' and 'Save a Copy' buttons.

Add a Scored True or False Question to a Project

On the Starters list, select the **True or False** option.

The screenshot shows the Blackboard interface for adding a question to a project. The 'Add a Question' dialog box is open, displaying various question types. The 'True or False' option is highlighted in the 'Starters' category. The background shows a project page titled 'Protecting IT Security' with a sidebar menu and a main content area.

Add a Scored True or False Question to a Project

Select As Question

The screenshot displays a software interface with a top navigation bar containing 'New', 'Open', 'Edit', 'Library', 'Insights', 'Publish', and 'Preview'. A secondary bar includes 'Insert', 'Engage', 'Comments (0)', 'Authors', 'Review', and 'Share'. The main content area is titled 'Add a Question' and features a sidebar with options: 'Find a Question', 'From a Project', 'From a Baseline', 'Rapid', 'Custom', 'Starters', 'True or False', 'Fill in the Blanks', 'Multiple Choice', 'Pulldowns', 'Essay', and 'Drag and Drop'. The 'True or False' category is expanded, showing 'As Question' (highlighted with a red box) and 'As Practice Question'. The main panel displays various question templates: 'True or False', 'Multiple Choice', 'Multiple Pulldowns', 'Short Answer', 'Fill in the Blanks', and 'Drag and Drop'. The background shows a webpage titled 'Protecting IT Security' with a section on 'DDoS Attacks, Hacking, Wi-Fi Eavesdropping'.

Add a Scored True or False Question to a Project

The True or False question page is opened on the Stage. It is also added at the end of the course in a section called Question Pages.

The screenshot displays the Articulate Storyline software interface. The top ribbon includes tabs for 'Insert', 'Engage', 'Question', and 'Style'. The 'Question' tab is active, showing a 'True or False' question template. The main canvas area shows a dark blue background with the text 'True or False' and a sample question: 'Choose the correct answer. Ullamcorper malesuada proin libero nunc consequat interdum varius sit amet. Facilisi morbi tempus iaculis urna lacinia ut in dapibus mi sed non eget nunc. (True is the correct answer)'. Below the question, there are two buttons labeled 'True' and 'False'. The left sidebar shows the 'Project' pane with a 'Learning Object' dropdown set to 'Email and Computer Viruses'. Below this, the 'Question Pages' section is visible, showing a preview of the 'True or False' question page. The bottom of the interface includes a 'Page Notes' section, a 'Page Transcript' section, and a 'Page Accessibility' section. The bottom right corner shows a 'Saved (1 min read)' status, a 'Commit' button, and a 'Save a Copy' button.
