
Adding a Marker to an Image

Created On: September 30, 2022

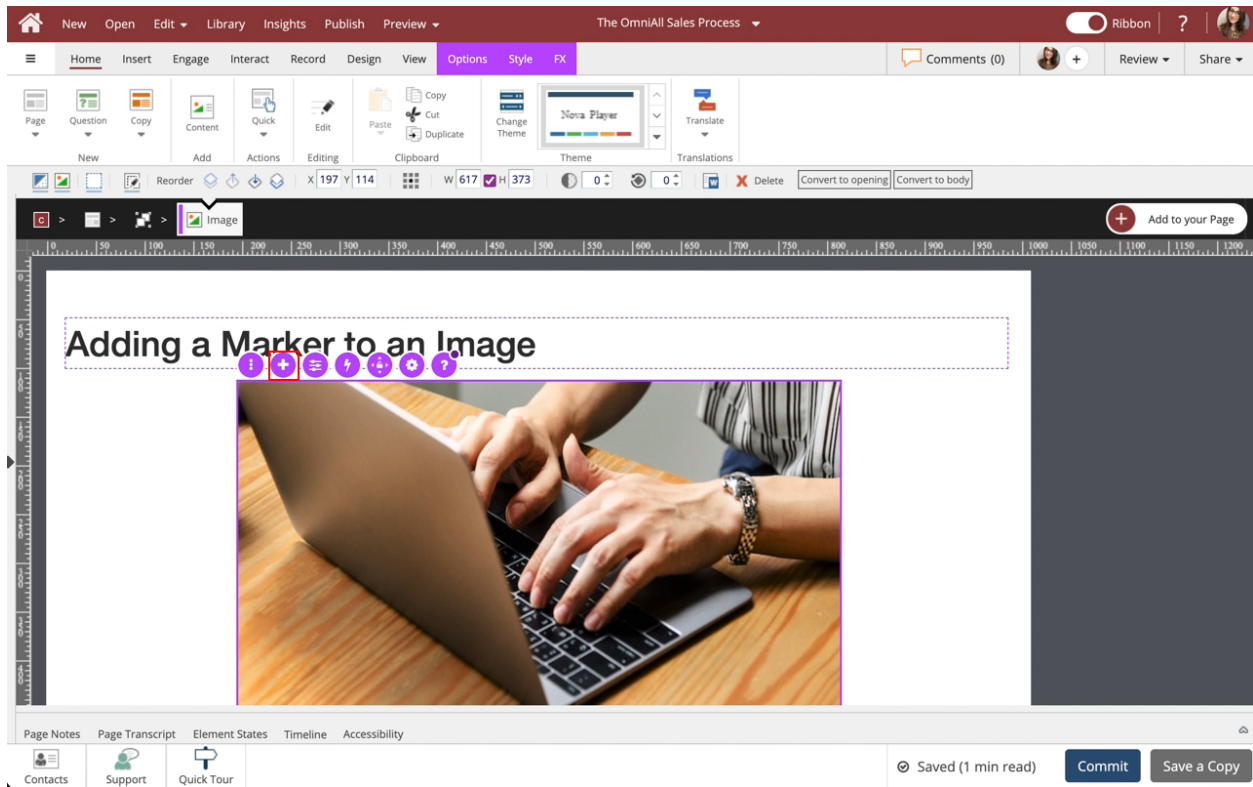

Adding a Marker to an Image

1. Select the Image on the page.

Adding a Marker to an Image

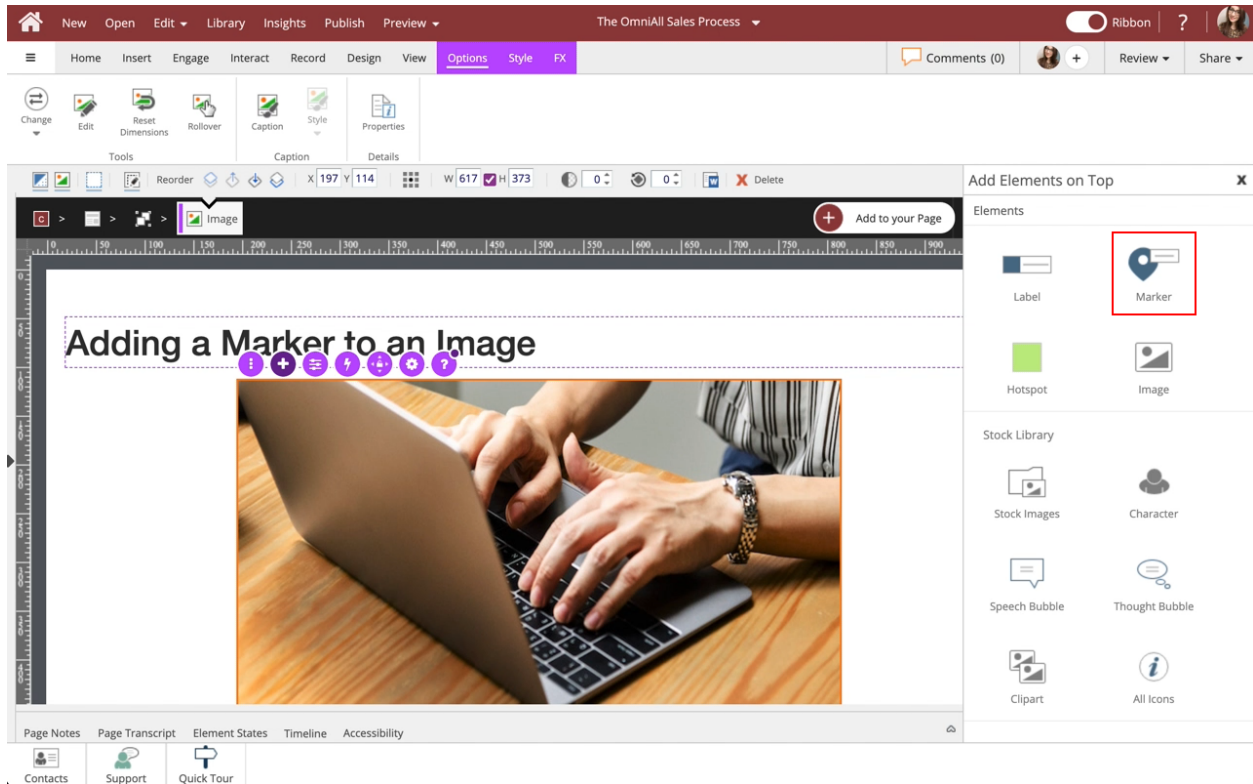

2. Select the + icon.

Adding a Marker to an Image

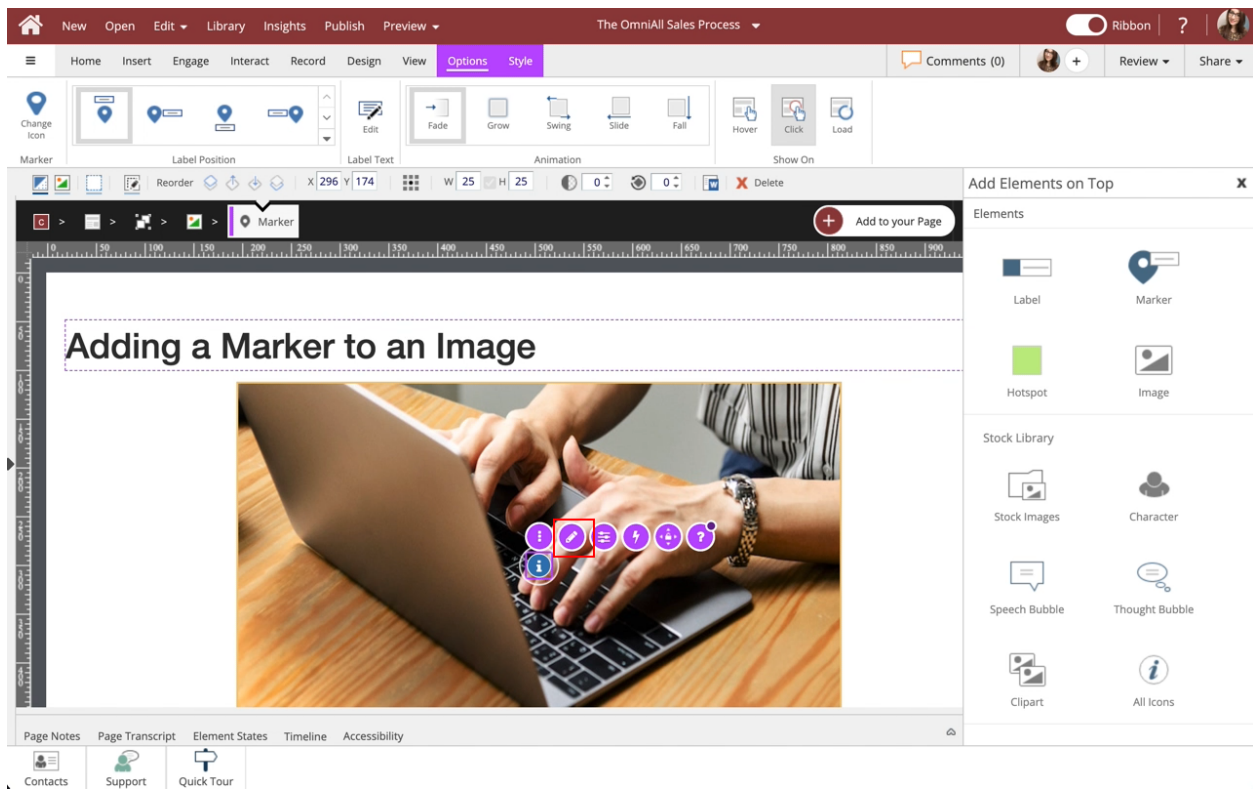

3. The Add Elements side panel shows.

Select Marker.

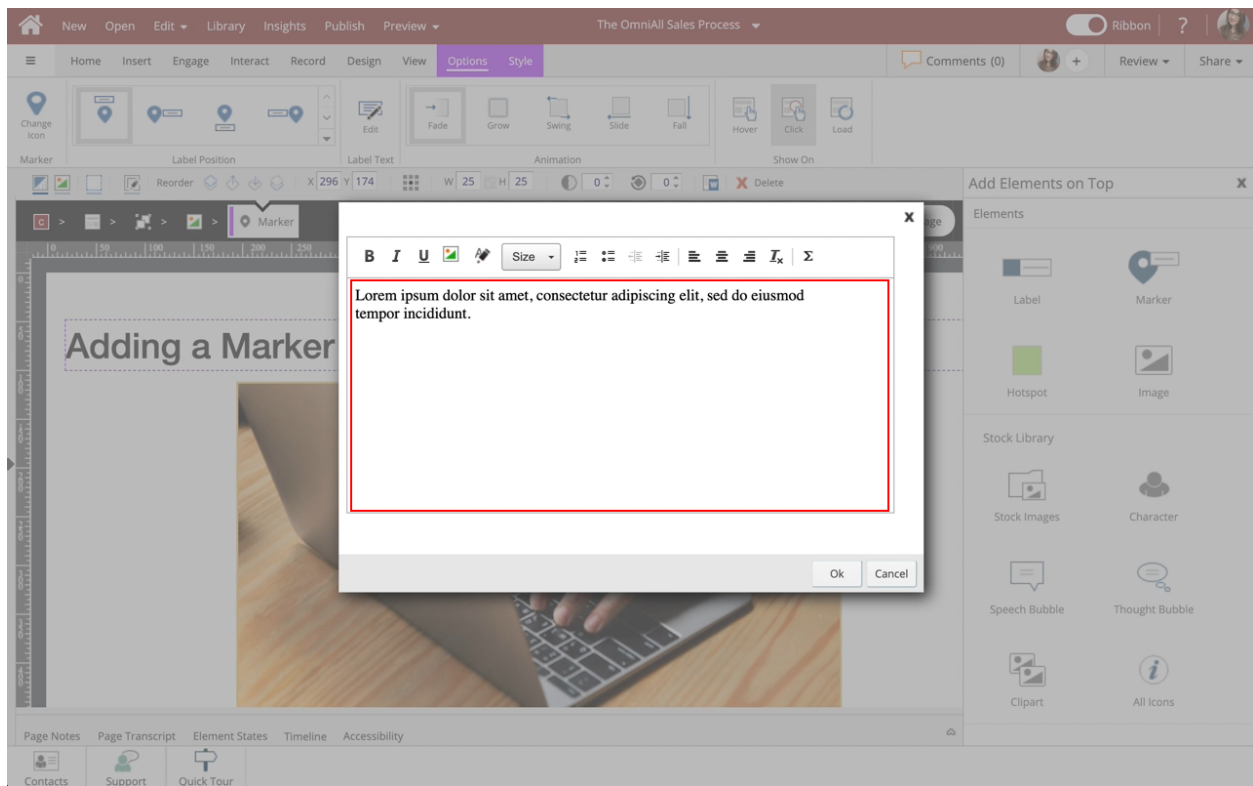

Adding a Marker to an Image

4. The Marker is added to the Image. To edit the Marker ext, select the Pencil icon.

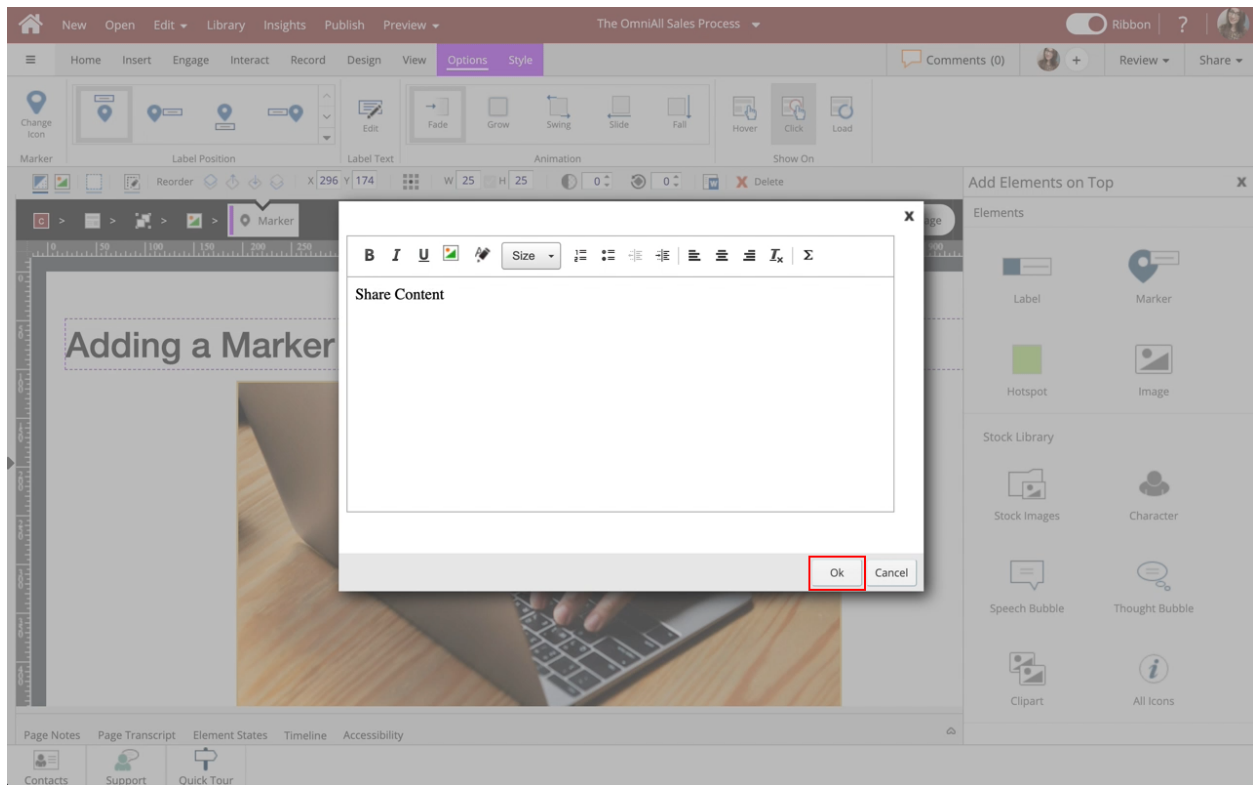

Adding a Marker to an Image

5. Select the Text area to edit the Marker text. You can style the text using the format tab above the text area.

Adding a Marker to an Image

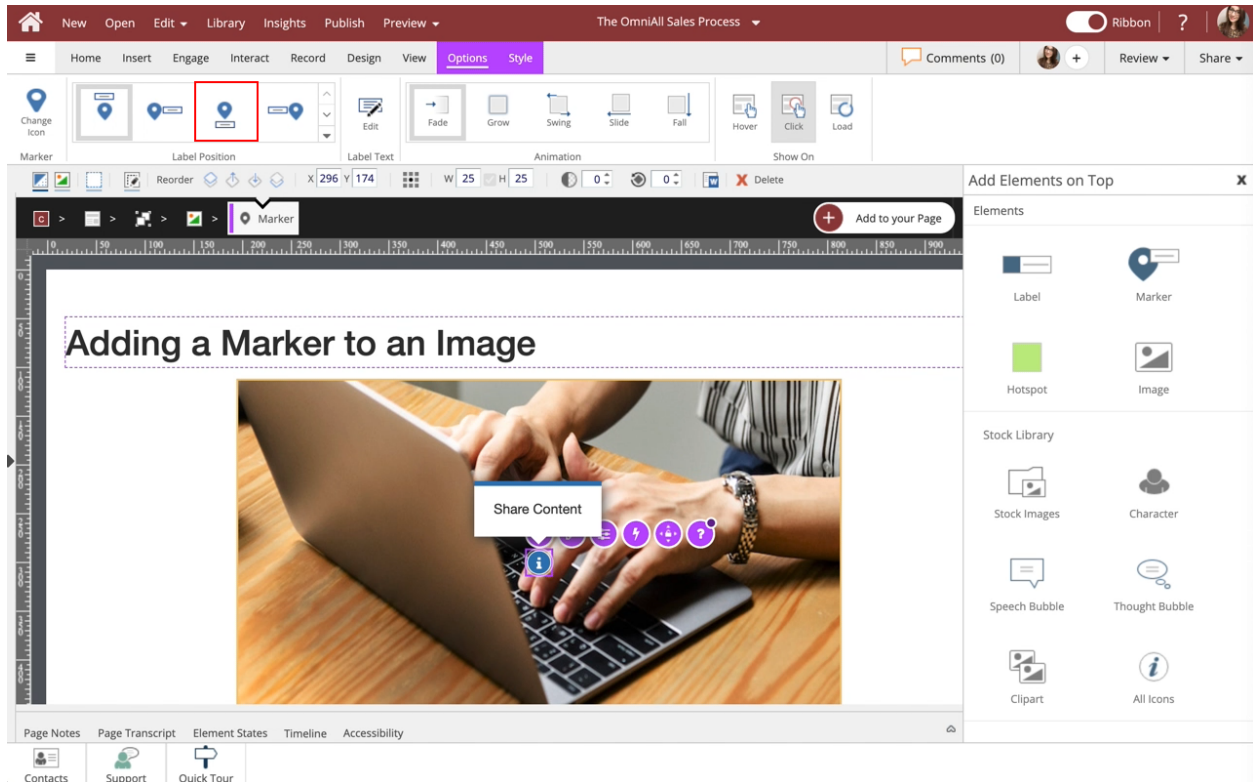

6.
Select Ok.

Adding a Marker to an Image

7. The Marker text is updated.

The Options and Style tabs have a number of control and design options for the Marker. You can change the icon used, label position, animation, show on behavior, shape, background and icon color, and the Popup Style. Select Option 3 under Label Position to move the label below the marker.

Adding a Marker to an Image

8. The Marker Label is now located below the Marker.
