
Copy a Node from One Timeline to another

Created On: May 17, 2024

1. Select the Timeline on the page.

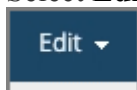

2. Select the **edit option** (pencil Icon).

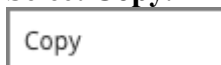

3. Select (single-click) the icon for the node.

4. Confirm in the breadcrumb above the Stage that you have the Node selected.
Select **Edit**.

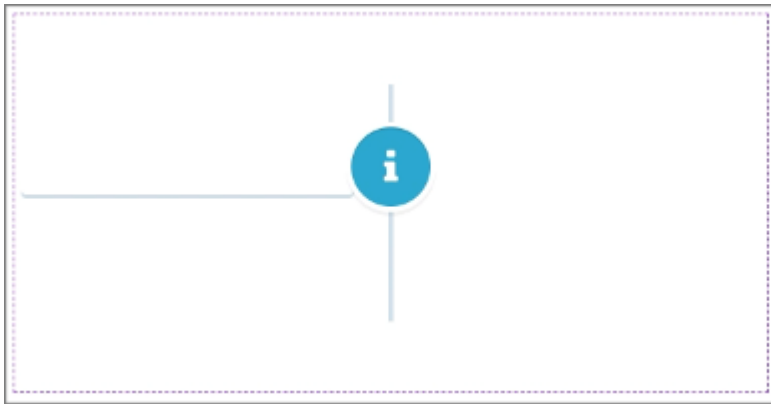

5. Select **Copy**.

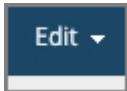

Job Aid Copy a Node from One Timeline to another

6. Select the second Timeline element.

7. Select **Edit**.

8. Select **Paste**.

9. The copied Node is now added in the second Timeline element.
