
Duplicating a Slide in a Carousel

Created On: May 17, 2024

1. Select the Carousel element on the page.

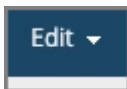

2. Select the **edit option** (pencil icon).

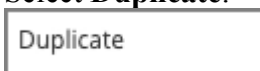

3. Select the Slide in the carousel (don't select an element on the slide).

4. Confirm in the breadcrumb above the Stage that you have the Slide selected.
Select **Edit**.

5. Select **Duplicate**.

6. The slide has now been duplicated within the Carousel, and the carousel now has two slides in total.
