Assigning an Author to a Custom Author Role

Created On: April 16, 2024

Created with:

1. Select the Application Menu

2. Select Users
Users

List View/manage the users in your account.
--

4. To focus the list on just uthors, deselect the check box for Administrators.

Г	_	٦
	\checkmark	
	_	

5.

And deselect the check box for **Reviewers**.

- 6. Select the Author you wish to assign to a new role.
- 7. Select Actions

- 8. Select Assign Roles
- 9. Authors can be assigned to more than one Role. In this example we'll assign this Author to just the Author Theme role. Deselect the check box for **Default**.

- 10. Select the check box for **Author Theme**
- 11. Select Ok
- 12. In the Details panel this author now has an Additional Role of Author Theme.
