# Add an Icon to a Panel Component

---

Created On: September 13, 2021

1. Select the Panel on the page.

2. To edit the content within the Panel, select the Edit Icon in the Inline Toolbar, or double-click the Panel.

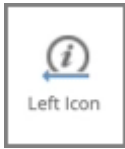

3. Select the three-dot menu in the Inline Toolbar.

4. Select Options.

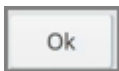

5. In the Options tab, select the Left Icon option under Label.

6. In the Pick an Icon popup, select the + Icon.

7. Select Ok.

8. The Icon has been added to the Panel header.

Preview the Current Page to see how the Panel will look and behave for your learners.
